

BUSINESS OF THE MONTH

At Heritage Creek Dental, the goal is to help people in our community and their families take charge of their oral health. Our top priority is to treat you as an individual, to get to know you personally and not merely treat you as “the next patient”. We promise you as our patients a caring and attentive staff, state-of-the-art dental care with exceptional comfort in a friendly atmosphere. Dr Timmerman is dedicated to providing his patients with quality dental care for healthy, beautiful smiles that can last a life-time. Heritage Creek Dental offers comprehensive dentistry as well as implants, dentures, cosmetic dentistry, root canals, crowns, bridges, teeth whitening (including Zoom and Kor Deep Bleaching) and orthodontics (including Invisalign and 6 Month Smiles)! It is our goal at Heritage Creek Dental to make it affordable for our patients so we accept most insurance plans and offer flexible, no interest financing!

Heritage Creek Dental offers many ways to make your dental experience a more pleasant one with more modern dentistry techniques including digital x-rays and digital impressions. During your appointment you can relax under a cozy blanket and listen to music on personal headphones or even watch a video. We pride ourselves on delivering virtually painless dentistry and we understand you might be anxious so we offer options to help you relax and minimize any pain you may have.

Dr. Timmerman received his degree from New York University College of Dentistry, Manhattan. He also continues to receive postgraduate training at the prestigious Las Vegas Institute for Advanced Dental Studies. In addition, Dr. Timmerman has extensive training in dental implants, Invisalign/6 Month Smiles, and Deep Bleaching.

Dr. Timmerman also strongly believes in humanitarian causes and actively participates in volunteer efforts. He’s made a service mission to the Czech Republic, helped the emergency relief efforts for the American Red Cross, and brought dental care to those in need through outreach programs to the Dominican Republic and at clinics and schools in a rural African village in Tanzania.

Contact Heritage Dental today for a healthy, bright new smile at 515-278-2253 (11088 Hickman Road Clive) or visit their website at www.heritagecreekdental.com for a map to their location during current road construction at NW 111th Street and Hickman Road.
